

High speed trailer tyres

Europe

Designed for
your journey

KENDA KR101 MasterTrail 3G and KR103 MasterTrail XC

High load capacity tyres for single axle trailers, tandem trailers, triaxles and heavyduty applications.

Cruise on the road with the MasterTrail 3G or go off-road with the MasterTrail XC.

- > **High loading capacity:** A robust carcass design ensures that heavy loads can be transported confidently
- > **Optimised mileage:** A Free Rolling Tyre construction extends the tyre's life and fuel efficiency
- > **Quiet traction:** Specially designed tread enhances traction while minimising noise levels
- > **All season performance:** A high sipe density secures superior grip regardless of the weather
- > **M+S rated:** The tyres are Mud & Snow marked for reliable traction in diverse terrains
- > **Low rolling resistance:** On par with EU standards for low rolling resistance, ensuring fuel efficiency
- > **Enhanced air retention:** An enhanced inner liner compound reduces the need for constant pressure checks

KENDA KR500 Winter Trailer Studdable

A true winter tyre with 3 Peak Mountain Snow Flake rating (3PMSF) for single axle trailers and mid-range tandem trailers

- > **Optimised mileage:** A Free Rolling Tyre construction extends the tyre's life and fuel efficiency
- > **Good load capacity:** A robust carcass design ensures worry-free transportation of lighter loads
- > **Stable handling:** An enhanced grip ensures excellent stability in difficult conditions
- > **Secure braking:** An intelligently designed tread offers excellent aquaplaning resistance
- > **Studdable:** The option to add studs for unbeatable snow traction is built into the design
- > **Tailored for European roads:** Specifically designed and engineered with the European market in mind
- > **3 Peak Mountain Snow Flake rating (3PMSF):** The tyre meets the stringent requirements for performance in snowy and icy conditions
- > **Enhanced air retention:** An enhanced inner liner reduces the need for constant pressure checks

About KENDA

KENDA was founded in Taiwan in 1962 and has since grown to become one of the world's leading tyre manufacturers operating across Asia, the US and Europe. Powered by a passion for mobility, we design and manufacture tyres for your journey. We continuously work to ensure progression and to keep the world moving on tyres and wheels that are fit for life. With more than 14.000 employees, 8 tyre factories, 6 wheel factories, 4 technical centres and a global network of operation and distribution sites, we are proud to be a reliable partner for our customers.
